

Symptoms Text in Word Document

Article Number: 134 | Rating: Unrated | Last Updated: Tue, Jul 29, 2008 at 10:09 AM

The attached document includes text for the standard set of Symptoms that are included in the mgmt software installation. It is prepared in a table format so that users can copy & paste text to add these entries in a short amount of time. Category is not included as yours may differ; it will be up to you to include the proper category to save the entry to your database. The suggested labor hrs can also be modified as users see fit. Enter the Symptoms by going to **Setup - Standard Descriptions, Symptoms** tab. Click on **Add** to start each entry, then click **OK** to save the entry work each time. Repeat until all of the Symptoms are Posted by: [Tim McDonnell](#) - Tue, Jul 29, 2008 at 10:09 AM. This article has been viewed 1098 times.
