

Install Revisions Report

Article Number: 162 | Rating: Unrated | Last Updated: Fri, Aug 13, 2010 at 2:58 PM

This article is about installing a custom report to add a new entry to the Reports menu that allows users to see which customers currently have outstanding Revisions on file. NOTE: The included instructions (Word or pdf versions) MUST be followed precisely; if you are not confident that you have the skillset to interpret the instructions, we recommend that you not attempt this procedure.EDIT: Updated 2010 rpt file added.
