

Odometer In value is required by the system manager. Please enter a value greater than or equal to the Previous Odometer

Article Number: 382 | Rating: Unrated | Last Updated: Thu, Feb 18, 2016 at 1:50 PM

Symptom: Error when printing "The 'Odometer In' value is required by the system manager. Please enter a value greater than or equal to the 'Previous Odometer'." Solution: Go to Shop Data, and then Screen View, change "enforce mileage in" from yes to no. If you change "enforce mileage in" to no, it will let you print with the lesser, correct mileage. If "enforce mileage in" is yes, it won't let you print when the correct mileage is less than the 'Previous Odometer'.
