

How To Launch SE Demo Mode

Article Number: 647 | Rating: Unrated | Last Updated: Wed, May 22, 2013 at 4:46 PM

The attached document will explain how to toggle into Demo Mode: Quick version: From Home (splash) screen, click Configurations - Special Maintenance menu, then select Toggle Demo Mode. Click OK and re-start SE; it will open as Demo version with a visual indicator. NOTE: Content is NOT transferable between demo and live versions.
