Symptom: When running any financial report (such as Revenue by GL Code or Business Summary) the following error occurs: **String or Binary data would be truncated. The statement has been terminated** **Solution:** Shorten the description used on Tax and Labor Rates. Excessively long descriptions cause this error due to the fact the report template does not have room for them. E.g., if the tax description is 'Wisconsin State Sales Tax' shorten it to 'WI State Sales Tax'
