Activating SureTrack (continued on back)

Activating SureTrack

SureTrack requires a one-time activation upon initial use.

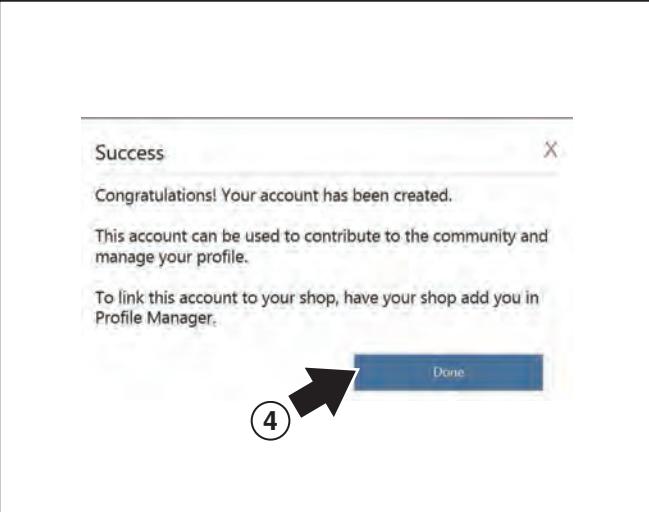

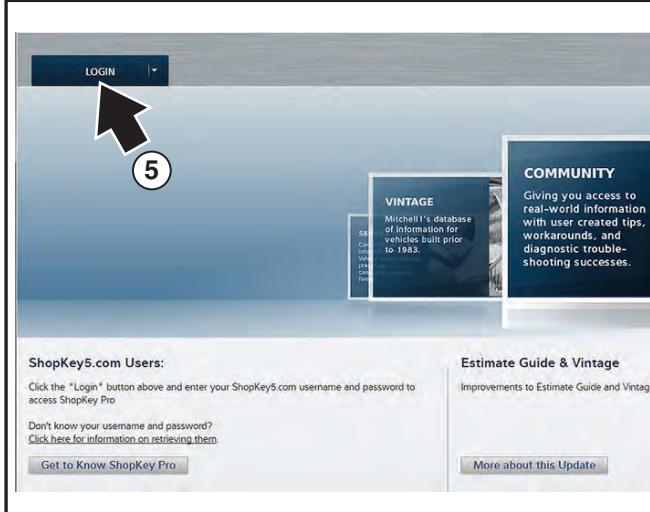

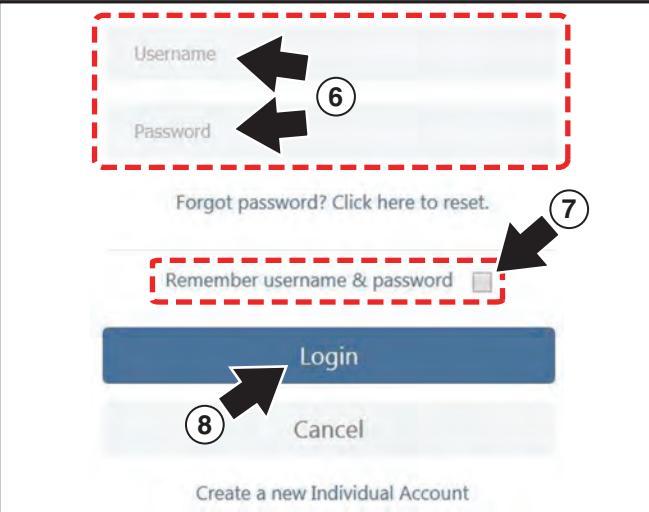

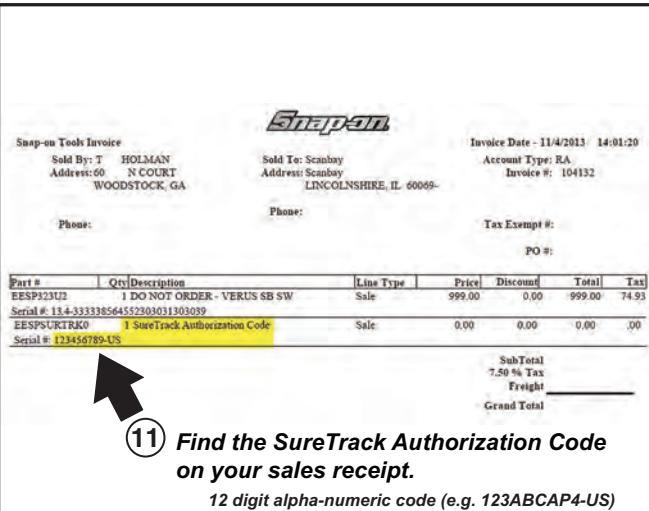

NOTES: You must have an Internet connection to access SureTrack. For additional information on Wi-Fi setup, refer to your diagnostic tool user manual.

These instructions may also be used in the future, for subsequent SureTrack activations after purchasing software upgrades.

1. Select the **SureTrack** icon  from the Home screen of the VERUS Edge.
2. Follow the screen prompts to identify a vehicle.
3. Follow the illustrated steps below, and on the back page to complete the activation.

The screenshot shows the activation process for SureTrack. Step 1 highlights the SureTrack icon on the home screen. Step 2 shows the login screen with a red dashed box around the 'Create a new Individual Account' link at the bottom. Step 3 shows the registration form where a large black arrow points to the 'Email' field with the instruction 'Enter all required * information.'
