

OneFlow Inspections

Inspections Built for the Modern Shop – In One Flow

FAST. CONNECTED. CUSTOMER-FOCUSED.

INTRODUCING ONEFLOW MSE INSPECTIONS

OneFlow MSE Inspections delivers a modern, mobile-friendly experience that seamlessly connects inspection findings directly to estimates. As a premium upgrade in Manager™ SE, the multi-point inspection tool keeps technicians, service advisors and customers aligned – from the first inspection to the final approval.

Digital Inspections Made Easy

- ✦ Capture photos, videos, and notes directly from a tablet or smartphone
- ✦ Instantly sync inspection results to the Job View portal for fast and accurate pricing
- ✦ Send professional, branded reports via text or email
- ✦ Enable customers to approve or decline work remotely through a secure online portal
- ✦ Monitor inspection progress in real time using the browser-based Workshop View

Turn Every Inspection into an Opportunity

SEAMLESS WORKFLOWS

Keep inspections, estimates and invoices in sync with full Job View integration.

TRANSPARENT COMMUNICATION

Build customer trust with branded reports that include annotated photos, videos and notes.

TURN INSPECTIONS INTO REVENUE

Convert technician findings into approved jobs using clear, visual documentation.

REAL-TIME SHOP COORDINATION

Alert service advisors the moment inspection status updates to INSPECTED the Workshop View.

FASTER ESTIMATES & APPROVALS

Price jobs the moment inspections are completed to expedite customer approvals, anywhere at anytime.

STRONGER CUSTOMER RETENTION

Easily track deferred work and follow-up to drive repeat business.
